Ms. Nixon

I would like to testify at the public hearing and request for comment by the Cable Television Division on proposed amendments to rules and regulations governing the cable television licensing process -- August 16, 2006.

I am the president of the American Consumer Institute, a consumer-funded organization that advocates policies that benefit consumers. We have conducted two studies relevant to the topic for comment, and I would like to come and talk about the results of these studies, as they pertain to the hearing. I will speak behalf of consumers.

If permitted, I would like to bring a copy of our studies for the public record.

Thank you.
